Algonquin Gas Transmission Company; Notice of Correction Filing

December 23, 1999.

Take notice that on December 21, 1999, Algonquin Gas Transmission Company (Algonquin) tendered for filing as part of its FERC Gas Tariff, Original Volume No. 2, Twelfth Revised Sheet No. 431, to become effective January 1, 2000.

Algonquin states that the purpose of this filing is to make a correction to the corresponding tariff sheet filed in Algonquin's December 7, 1999 filing in Docket No. RP00-133-000, which revises the Gas Research Institute (GRI) surcharges effective January 1, 2000. Specifically, Algonquin states that its December 7, 1999 filing included Tenth Revised Sheet No. 431, which reflected an incorrect sheet number designation as well as an incorrect base tariff rate for Rate Schedule X-39. Algonquin states that the Twelfth Revised Sheet No. 431 filed herein reflects the correct base tariff rate for Rate Schedule X-39 as well as the new GRI surcharges to be effective January 1, 2000.

Algonquin states that copies of the filing were mailed to all affected customers of Algonquin and interested state commissions.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. Aquenergy Systems, Inc.; Notice of Availability of Final Environmental Assessment

December 23, 1999.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission's) regulations, the Office of Hydropower Licensing has reviewed the application requesting the Commission's authorization to surrender the license for the existing Apalache Hydroelectric Project, located on the South Tyger River in Spartanburg County, South Carolina, and has prepared a Final Environmental Assessment (Final EA) for the proposed action.

In the Final EA, Commission staff concludes that approval of the subject surrender of license would not produce any significant adverse environmental impacts; consequently, the proposal would not constitute a major federal action significantly affecting the quality of the human environment.

Copies of the Final EA can be viewed at the Commission's Public Reference Room, Room 2A, 888 First Street, NE, Washington, DC 20426, or by calling (202) 208-1371. The Final EA also may be viewed on the Web at www.ferc.fed.us/online/rims.htm. Call (202) 208-2222 for assistance.
